AGES AND STAGES DEVELOPMENTAL CHECK IN

Online

Have you ever wondered about your child's development? The Ages and Stages Questionnaire provides a fast and helpful look at how your child is doing in important areas like communication, social skills, motor skills and problem solving skills. Screening can identify your child's strengths, uncover new milestones to celebrate and reveal any areas where your child may need support. It helps you understand your child's development and know what to look for next.

The ASQ and ASQ:SE questionnaires are designed to help you monitor your child's development at regular intervals from 2 months to 5 years of age. To access these questionnaires, go to our website below.
